1. Has each municipality or county affected by the actions of the authority participated in the development of the capital plan and reviewed or approved the plans or projects included within the Capital Budget/Program (this may include the governing body or certain officials such as planning boards, Construction Code Officials) as to these projects?

2. Has each capital project/project financing been developed from a specific plan or report and have the full life cycle costs of each been calculated?

3. Has a long-term (5 years or more) infrastructure needs and other capital items (vehicles, equipment) needs assessment been prepared?
